

— FEROBIDE JOHN DEERE SUBSOILER TEST —

Paul Buhler, Mechanic

Shilo Farms, Brandon, MB, Canada

“We welded Ferobide to the point and wings of our John Deere nine leg inline ripper. Results are as follows:

Standard point at \$199	110	acres
Standard point + hard facing	220	acres
Standard point + Ferobide	1,100	acres

We completed the ripping process 3 days sooner than usual thanks to savings in downtime, greatly helped by using Ferobide.”

Registration Number: 3342498. Place of Registration: England.
